An Overview of the Timetable

The following points are important to note in respect to the enclosed timetable:

1. 'Eshā' Ṣalāh

- Generally, the beginning time written for 'Eshā' Ṣalāh is according to the disappearance of al-Shafaq al-Aḥmar (red twilight) at 15 degrees solar depression.
- See the table below for a more detailed breakdown of the beginning times written in this timetable for 'Eshā' Ṣalāh,

Dates	Notes
6 September to 1 April	'Eshā' time occurs and is written according to 15 degrees (disappearance of al-Shafaq al-Aḥmar).
2 April to 25 May & 16 July to 5 September	'Eshā' time occurs. However, the times written are before 15 degrees, due to Ḥaraj ¹ . 'Eshā' must be performed as per the times written in the timetable and not before.
26 May to 15 July	'Eshā' time does not occur during these days as the sun does not go 15 degrees below the horizon. Hence, the beginning time for 'Eshā' has not been written during these dates. During this period, females are also advised to perform their 'Eshā' according to the Jamā'ah times printed.

2. Ṣubḥ Ṣādiq²

- The beginning time written for Ṣubḥ Ṣādiq is according to 18 degrees solar depression.
- See the table below for a more detailed breakdown of the times written for Ṣubḥ Ṣādiq according to the different periods of the year.

Dates	Ṣubḥ Ṣādiq
1 August to 12 May	The time is written according to 18 degrees.
13 May to 31 July	The sun does not go 18 degrees below the horizon, hence Ṣubḥ Ṣādiq time is based on 'Aqrab al-'Ayyām ³ during these dates.

3. Other Notes:

Perform Fajr 5 minutes after Ṣubḥ Ṣādiq time. Consume Iftār according to Maghrib (not sunset) time. Do not perform any Ṣalah for 12 minutes from sunrise time.	Do not perform any Ṣalah in the 10 minutes before Ṣubḥ Ṣādiq beginning time. Perform 'Aṣr atleast 15 minutes before sunset time.
--	---

¹ An Arabic term meaning *hardship*. As 'Eshā' time becomes increasingly late, ultimately causing hardship for the Ummah (i.e. the time gap between Maghrib and 'Eshā' becomes increasingly long), the time for 'Eshā' Ṣalāh is written before the actual 15 degree time. There are varying opinions as to when Ḥaraj occurs. In this timetable, Ḥaraj has been determined at 9.30 pm, after consulting various scholars and according to the unanimous decision of the Preston Masjid (Dec 2018).

² An Arabic Term meaning *True Dawn*. This is the time for ending Ṣuḥūr. This is also the Fajr beginning time.

³ An Arabic term meaning *the nearest day*. As there is no solar depression of 18 degrees for Ṣubḥ Ṣādiq during this period, Ṣubḥ Ṣādiq time is based on the time when 18 degrees for Ṣubḥ Ṣādiq last occurred.
